

MapFactor Introduces MapStick USB with TomTom Maps of Europe – Offline Navigation with No Downloads Required

Prague, February 2026 – MapFactor announces the launch of MapStick USB, a new solution designed for professional drivers and everyday users alike. The dual-connector USB flash drive comes preloaded with professional TomTom maps of Europe for the MapFactor Navigator Car Pro and Navigator Truck Pro navigation apps.

MapStick enables the installation of complete offline maps of Europe directly from a USB flash drive, eliminating the need to download large map files via mobile data or Wi-Fi. Drivers gain immediate and permanent access to full European map coverage for the Pro versions of MapFactor's Android navigation apps.

„MapStick is designed for anyone who needs reliable navigation without depending on an Internet connection. Simply connect it to your device, import the maps within minutes, and you're ready to travel across Europe,” says the MapFactor team. „MapStick is available for both MapFactor Navigator Pro applications – Car Pro and Truck Pro.”

Key features of the MapStick USB flash drive:

- Preinstalled professional TomTom maps of Europe (versions for standard or large vehicles)
- Direct map installation from the USB flash drive, with no need for Wi-Fi or mobile data downloads
- 64 GB USB flash drive with dual connectors (USB-A & USB-C) for maximum compatibility
- One-year subscription to the [MapFactor Navigator Car Pro](#) or [Navigator Truck Pro](#) Android app
- Can also be used as a standard USB storage device for personal files and media

Availability :

The MapStick USB flash drive is now available via the official MapFactor e-shop at mapfactor.com in two versions: Car for standard vehicles ([MapStick Car Maps Europe 64 GB](#)) and Truck for large and commercial vehicles ([MapStick Truck Maps Europe 64 GB](#)).

About MapFactor

MapFactor is a trusted developer of navigation software and vehicle tracking solutions with more than 20 years of experience. Its MapFactor Navigator app is available for Android, Windows/Wince and iOS and has been downloaded by over 50 million users worldwide. The app offers offline maps and reliable voice-guided turn-by-turn navigation for all vehicle types, while the professional Navigator Truck Pro version is specifically designed to meet the needs of truck and large vehicle drivers.

MapFactor also provides a new Maps & Navigation SDK for Android, enabling developers to integrate offline maps and navigation features into their own applications.
